Biomes Project Information

For this project, you will complete a PowerPoint/Prezi/bottle biome/box biome representing a given biome of the world. This sheet is intended to serve only as a guide as you research and record your information. The information recorded on this sheet will be added to your presentation or emailed back to your teacher.

For your presentation pick one of the biomes listed on the Biome Page.

Biome: _____

For your chosen biome the following chart can be used as a starting point.

- Where is it located in the world? Continents/Countries?
- What is the climate like? Temperature Range? Precipitation?
- Name 3 animals that live in the biome and give a fact about each one.
- Name 3 plants that live in the biome and give a fact about each one.
- List 3 interesting facts about the biome (ecological issues, endangered species, agriculture, human populations)
- Are there humans that inhabit this biome? What impact do humans have on this biome?
